HISTORY

With a 103 year old history, Cannsun was created with the combination of pharmaceutical innovation and botanical based medicine for health and wellness. With roots in South Africa, Greece and Thailand, our team have sourced locally grown botanicals & cannabinoids to create specialized formulas designed for human optimization.

By combining natural botanical properties of anti-stress, anti-oxidation, anti-inflammatory & healing, we have designed proprietary blends introducing Cannabidiol and cannabis oil to enhance the wellbeing of the human body. Our color coded products tailor to the needs and mood of the individual creating a unique and effective experience.
